Currently, Miko N.V. does not own any treasury shares.

ABOUT MIKO

Miko has been active in coffee service for over 200 years and in plastic packaging for some 40 years now, concluded an IPO on Euronext Brussels in 1998. Miko follows a “two-pillar strategy” in which its core activities – coffee service and plastic packaging – are practically independent entities with their own management, so that each activity can follow its own growth path. The group employs 909 people and achieved a turnover of EUR 160 million in 2014. The coffee service division accounted for 52.8 % of this total. The remaining 47.2 % was achieved by the plastic packaging division. Miko is an international group with companies in Belgium, France, UK, the Netherlands, Germany, Denmark, Norway, Sweden, Poland, the Czech Republic, Slovakia and Australia.
