Inge Bruynooghe appointed to the Board of Directors at Miko N.V.

Turnhout, 23 October 2018 – Miko N.V., the Euronext-listed specialist in coffee service and plastic packaging, announced today the appointment of Mrs. Inge Bruynooghe as a member of the company's Board of Directors.

Inge Bruynooghe, 45, literally grew up among coffee beans. Her father was, in fact, the owner of the coffee roaster which operated in West Flanders under the well-known Bruynooghe brand name. This brand still has a strong presence in the region and has been part of Miko since the late 1990s.

Inge graduated at KU Leuven in Belgium with a degree in business engineering and obtained an MBA from Cornell University in the US. During her professional career, she has occupied several senior management positions at Philips, some of which involved international operations, such as in China, the Netherlands and Belgium. Her most recent position was Managing Director Philips Lighting Belgium in Turnhout, Belgium.

In addition, Inge is currently a member of the Board of Directors of Flanders Make+, which is a strategic research centre for the manufacturing industry, as well as of Open Manufacturing Campus+ in Turnhout.

Miko N.V. would like to thank Mrs. Bruynooghe for her willingness to join the Board of Directors and wishes her every success.

ABOUT MIKO

Miko has been active in coffee service for over 200 years and in plastic packaging for some 45 years now, and was floated on Euronext Brussels in 1998. Miko follows a two-pillar strategy in which its core activities – coffee service and plastic packaging – are practically independent entities with their own management, so that each activity can follow its own growth path. The Group posted a turnover of EUR 205 million in 2017, with the coffee service and plastics processing division accounting for respectively 53 % and 47 % of this figure. Miko is an international group with companies in Belgium, France, UK, the Netherlands, Germany, Denmark, Norway, Sweden, Poland, the Czech Republic, Slovakia, Indonesia and Australia.
